DETAILED ACTION

Status of Application: Claims and Amendments

Applicant is notified that the amendments put forth on 10/01/01 and 04/04/03, have been entered in full.

Claims 1-36 are currently pending. Applicant's timely response to the restriction requirement is noted. The restriction requirement is now vacated due to the determination that the instant claims have been examined and found to be allowable in parent application US 09/234,883, now abandoned.

Drawings

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because, for example, reference characters "1(1), 1(2), etc." and "1A, 1B, etc." have both been used to designate Figure 1A, etc., as in the specification, or Figure 1(1) etc. as in the drawing. Applicant should amend the drawings to be consistent with the specification. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.
